1. MEDICAID RE-ENROLLMENT:

The \$553 dollar re-enrollment fee is the fee that you paid to Medicare. **Medicaid just needs proof of payment to Medicare.** You do not have to pay this fee to Medicaid. You do need to complete the entire application even though they have written Re-Enrollment across all pages. When returning the packet to Medicaid, please include a cover letter stating that you are including proof of payment and all other documents that they have required (DEA Certificate/License). I also recommend sending it certified or return receipt to ensure there are no problems that they received it. Though there is no deadline, I advise doing it as soon as possible to make sure there is no interruption in your participation in the Medicaid program.

If you see something suspicious call the police. Your first instinct is usually the correct one. Please advise your staff about this incident.
